	I pose of purchasing a site in the Colony of Hongkong for Docks and constructing Docks and creating suitable Premises thereon for carrying on the Business of Building or Docking and Re-	1
	pairing Steamers and Sailing Vessels, and for the purchase of the Docks now award and carried on at Whampon by Messrs. T. Hunz & Co. with the

	The very considerable increase in the number of Vessels employed in what may be termed local trade, or in voyages that either originate or	
	terminate at Hongkong, in addition to the great quantity of tomage visiting the Port from all quarters of the World, afford ample scope for the remunerative operations of Dock Companies, in	
	addition to those which are already in existence. Application has been made to Her Majesty's Government with reference to obtaining a site for the proposed Dooks in the Colony, and the project	
d.	has been favourably entertained, steps being in progress to facilitate this object, the necessary preliminary investigations as to the suitable char-	
	acter of the proposed site having been conducted and satisfactorily reported upon, by Mr. S. B. Rawling. Liberal support has been promised to the under-

been in contemplation for a very long period.

The local and foreign trade in Hongkong and at the open ports in Chine and Japan has increased so rapidly within the last few years that additional Banking facilities are felt to be required. The Banks now in China being only branches of Corporations whose head quarters are in England or India, and which were formed chiefly with the view of carrying on exchange operations between those countries and China, are scarcely in a position to deal satisfactorily with the local rade which has become so much more extensive and varied than in former years. This deficiency the Hongxong and Shangha Banking Company will supply, and will in fact assume the same position with relation to this IT being probable that the Rifle Matches Colony as the Presidency Banks in India, or the will not terminate to day, the presention of Banks of Australia in their respective localities.

It was said that President Davies had left Richmond and had gone into Georgia, carrying with him all the government archives. It was said that he was removing all his heavy Ordnance from Rich. mond to Danville which of our stance gives rise to the hope on the part of the Federals. that he is about to evacuate Richmond: Genl, Shoridan is said to have utterly routed General Early, to whom Lee is anxious to

To the Editor of the 'Daily Press," Sin .- I have been very much surprised at the article published in the last issue of the China Inil with reference to the death of the late Mr Stewart on board the Labourdonnais, from motives undermentioned facts will prove. Mr. Stewart embarked on board the Labour. donnais as a first class passenger on the 20th Ulto, of 11 P.M. Un the 22nd at 9 A.M. he asked One of the P. & O. S. N. art, or were desirous of assisting him in his last Air. Bowker, a pessenger bound to Hongkong, having stated that he knew Mr. Stewart, was present when he died as also was another passenger. Monar, D'Aignebelle, Lieutenant in H. I. M's navy, The Commander, at 4 r.m. informed the Raverend Mr. Feshoz, a missionary passenger, of Mr. Stoward's hopeless condition. Bowker and French Consul on the arrival of the ship in obtained on application to It was the Commander's original intention t

have the deceased buried on the evening of the 22nd, but the Doctor baying declared early in the morning of that day that decomposition had already commenced, it became necessary to order the burial without loss of time. It took place at House. half nast nine a.m. in the presence of nearly all the Officers and the whole of the crew of the ship. The Reverend Mr. Frehoz recited the burial service. and so soon as that was concluded, the body was committed to the deep, all decorum and proper Ohristian forms being observed. If I had had the smallest cognizance of Mr. Stewart's connexions, I should surely have communicated to thom the circumstance of his death immediately on the arrival of the Labourdonnais. no time was lost in reporting the fact to the French Consul, who doubtless communicated speedily with the Government of the Colony, It is the practise in our ships to keep the melancholy ceremony of a burial as quiet as possible, as we consider the effect might be injurious to inbraced of burying Mr. Stewart when the Passen-

NAVIGATION COMPANY. NOTICE OF REDUCTION OF PASS-AGE MONEY.

TN the year 1857 the Directors made a considerable reduction in the Company's rates of Passage Mency, which continued in force till 1861. In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores, the Directors were reluctantly compelled to return to the rates of Passage Money previously in force. They are now happy to state that a decrease in the price of Coal and other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undernoted scale, which will

take effect from and after the 1st June next, viz:-From Hongkong to :--Maraeiller, and President Control Gibraltar. Southampton, 550 Reserved Rates for Single Persons.
